RUSSIAN ADMIRAL'S PLANS ARE SECRET

Japanese Unable To Locate Rojstvensky's Ships.

UMOR OF ILLNESS DISCREDITED

Reports from St. Petersburg Deny that Rojstvensky Has Asked To Be Relieved—Junction of Squadrons Was Formed May 8—Other News.

Tokio, May 18.—(Noon).—The report of the departure of Vice Admiral Rojstvensky from Hon Kohe bay northward has been the popular expectation of a naval action in the near future. It is believed that Admiral Rojstvensky, having filled his coal bunkers and replenished his fleet, is now in condition to assume the aggressive, if he so desires. It is the opinion of some that Rojstvensky may make a demonstration in the vicinity of the islands of Formosa, and the Pescadores, and then turn the Pacific enroute for Vladivostok.

This is, however, purely speculative. Everything depends upon Admiral Rojstvensky's plan which, while as yet undisclosed, may include an extended stay in southern waters. It is reported that the contractors who supplied the coal and provisions to Admiral Rojstvensky in Indo-China, approached the French colonial officials prior to the arrival of the Russian fleet and arranged a rendezvous at Kamranh and Hon Kohe bays. Confirmation of this report is, however, obtainable.

Rojstvensky Is Not Sick.

St. Petersburg, May 19.—The feeling expressed here that owing to the reported nervous breakdown of Vice Admiral Rojstvensky the Russian fleet would lose its commander is untrue. The admiralty today authorized the statement that Rojstvensky has not applied to be relieved from duty. However, the condition of the Russian admiral's health continues to be a source of anxiety. It is confirmed that the report that he had applied is to be relayed may have arisen out of the viral decision in view of the condition of Rojstvensky's health to send Vice Admiral Birilleff to Vladivostok where the event of his success in the coming battle will take over the supreme command of the Russian naval forces in the Far East and occupy a position similar to that of the late Vice Admiral Makaroff at Port Arthur and of the Admiral Skrydloff at Vladivostok.

British Steamer Sights Vessels.

Singapore, May 19.—The Russian fleet was in latitude 13.30 and longitude 111.30 east (about 120 miles east of Cape Varella, coast of Annam) during the morning of May 16, according to a report brought here by the British steamer Hong Wan I. The German steamer Segovia sighted forty-two Russian ships 40 miles from Cape Varella May 15 steaming westerly north.

Junks Carry Supplies.

Hong Kong, May 19.—A special correspondent who recently proceeded here to Kwangchau bay observed at 11 o'clock at night May 16 150 deep-laden junks presumably loaded with provisions for the Russian fleet anchored southwest and 20 miles off Cape St. John. The junks exhibited small lights which were extinguished upon the steamer's approach to Kwangchau bay.

Junction Formed May 8.

Salmon, May 19.—A junction was effected May 8 by the squadrons of Vice Admiral Rojstvensky and Rear Admiral Nobogotoff. It took place outside of territorial waters. The vessels started seaward May 14 going in an easterly direction.

Guatemalan Ants Dying Out.

Terrell, Tex., May 19.—It is reported that the Guatemalan ants, a small colony of which was placed on the green demonstration farm here last year to kill the boll weevil, failed to succeed. Many of them dying and the rest were dying.

BIG STEAMER IS FLOATED.

After Being Aground 36 Hours Ocean Liner Proceeds on Voyage.

New York, May 19.—After lying for 36 hours firmly imbedded in the sandy bottom of Flynn's Knoll, the shoal three-quarters of a mile off Sandy Hook, the giant Cunard liner Caronia, was floated today. As the big ship glided into deep water and swung half around, apparently uninjured from her mishap, a cheer went up from the passengers who had been involuntary prisoners almost within sight of the New York docks since last Tuesday. They had begun to create under their prolonged stay on the sand bar and many had almost abandoned hope that the voyage would be continued without the further annoying delays that transshipping would involve.

The Caronia came off the shoal with her stern pointing out to sea and at once started to steam back toward the city. It was supposed that this was because the narrow ship channel did not afford sufficient sea room for the big steamer to swing around and it was believed that she would run up to Gravesend bay and once more turn her nose toward the sea and again begin the long-delayed voyage across the Atlantic.

Whipping Post for Wife Beaters.

Portland, Ore., May 19.—The "whipping post law" passed by the legislature January last for the punishment of wife-beaters, goes into effect today in this state. The new law provides that a man convicted of wife-beating may be punished with whipping, not exceeding 20 lashes, but this is only an additional punishment and not the exclusive punishment for the crime. The old punishment by fine or imprisonment is still in effect under the new law. According to the new law the whipping is conducted within the walls of the county or city jail, and by the sheriff of the county or by a regularly appointed policeman as the case may be.

Mrs. Chadwick's Property Sold.

Cleveland, O., May 19.—At the sale today by trustee in bankruptcy, Nathan Loewer, of the Chadwick home-stand at Euclid avenue and Genesee street, the highest bid was \$35,000, made by ex-Judge W. W. Boynton, on behalf of the Savings Deposit Bank and Trust company, of Elyria, O. The holder of a mortgage, which, with interest, amounts to about \$43,000. The property was appraised at \$40,000. A lot in Lincoln avenue was bid up to \$1,650, while the third piece offered, a small lot valued at \$200, had one bid of \$150. Dr. Chadwick was present at the sale.

Sheriff Fails Lynchers.

Nashville, Tenn., May 19.—A Union City, Tenn., dispatch to the Banner says that a mob was formed there for the purpose of lynching Ed Clemmons, a negro, who shot officers in a raid on a crap game recently, and the negro would have been hanged had not the sheriff learned of the plot and spirited him away. Clemmons was taken to Dresden, Tenn., and landed in jail. The negro who had been tried and given a sentence of 14 years in prison, appealed his case to the supreme court.

No News From Yachts.

Newport, R. I., May 19.—The yachts which started yesterday from Sandy Hook in the trans-Atlantic race had not yet been sighted from the Nantucket Shoals lightship off which they were to make their first turn, up to 8 a. m. today. A wireless message from the lightship gave the weather and sea conditions as follows:

At 8 o'clock this morning the wind was in the northeast, light breeze, 12 miles an hour. Fog Sea smooth. Barometer 29.67. Fog all night. No yachts in sight.

Censorship at Coney Island.

New York, May 19.—For the first time in the history of Coney Island a censorship has been established over the exhibitions of freaks and amusements there. An employee of the Brooklyn license bureau will exercise this function. He has already withheld permits from the managers of several monster-trousers which he declares to be revolting.

PEACE MOVEMENT GETS A BACKSET

Teamsters Still Running Strike Declares President Shea.

NO BACK DOOR POLICY FOR HIM

Leader of Striking Teamsters Says No Overtures Have Been Made for Arbitration from Employers and that He Will Not Make Any.

Chicago, May 19.—President Cornelius P. Shea, of the teamsters' international union, threw cold water today on all peace moves. He declared that he had not considered arbitration in any form between the team owners' association and the teamsters' union and that he had never agreed to arbitrate the question of whether the teamsters should deliver to boycotted houses. The declaration of Shea came as a surprise to all concerned as it was explicitly stated last night and today that Shea had made such an agreement. At the time of Shea's statement, the team owners' association was in conference selecting their member of the arbitration board which they declared both they and Shea had agreed to.

"I am not going to arbitrate the question of how they shall conduct their business," said President Shea. "There will be no back-door settlement. When I am beaten, I shall come out and say so."

This declaration on the part of Shea threw the whole peace move up in the air. Members of the team owners' association started out at once to find Shea, and get some idea of how and where they stood. How the report that he had agreed to arbitration originated was not explained by Shea, but he denied that he had ever made such an agreement. Declaring no such proposition as the alleged arbitration of the boycott had been considered by the teamsters. President Shea called the story a subterfuge by the team owners to pacify the employers' association.

"The teamsters are still running this strike," he said. "Do you think we are going to arbitrate the question whether or not merchants may deliver goods? That is what this proposition to arbitrate means. Do you think we all want to go to jail? We have not received any notice of an arbitration proposition. I have no right to make such an agreement as was printed in the morning papers."

"The teamsters' joint council is here to decide such matters. It has not taken any such agreement up. The team owners are talking a great deal. They are meeting to appoint their representative to act upon an arbitration committee. They have to do something to keep the employers' association crowd off their necks."

A. J. Reed, a prominent member of the teamsters' joint council, confirmed President Shea's declaration that no agreement to arbitrate with the team owners had been made.

Employing Printers to Meet.

Atlanta, May 19.—Employing printers from every southeastern state will assemble at the Aragon hotel Thursday morning for the purpose of organizing the southeastern branch of the United Typothetae of America. There will be from 100 to 200 delegates present. The meeting will be held in pursuance of action taken at the last convention of the United States into districts, being the eastern, middle, southeastern, southwestern and northwestern. All have organized except the eastern and southeastern.

K. of P. To Meet at Anniston.

Montgomery, Ala., May 19.—The grand lodge of Knights of Pythias of Alabama voted overwhelmingly to go to Anniston next year. A resolution was adopted to set aside \$4,760, now held in trust, to a fund for a Pythian temple and to set aside as much as can be spared each year for the same cause, until enough is collected for the work. This will give about \$1,000 a year. J. P. Thompson was appointed a member of the grand council.

DEATH FROM MORPHINE.

Florida Man Found Dead in New York Hotel—Woman in the Case.

New York, May 19.—Herbert Leon Kepler, a bookkeeper, whose home was in Deland, Fla., died in a room in Sussen's hotel at Forty-sixth street and Sixth avenue today from morphine poisoning.

With him at the time was a woman who told the police that her name was Mrs. Dona Miller, and that she fled from Deland with Kepler two weeks ago. Mrs. Miller said:

"Kepler was a son of a Deland physician, and that he left Florida suddenly because of some trouble which he got into there."

"He left a wife and several children behind when he fled," she said, and she had left her husband to come here with him.

She has been detained by the police pending a further investigation of the case. Kepler was about 37 years old.

In the room which Kepler and the woman occupied the police found two small bottles. One was filled with morphine and the other nearly empty, contained a trace of the drug. Mrs. Miller told the police that Kepler had been despondent for several days and had told her unless his father did something at once to fix up the trouble at Deland he feared something dreadful would happen.

When Mrs. Miller was arraigned in police court she was remanded to the custody of the coroner without examination.

WOMEN CAUGHT GAMBLING.

New York Detectives Raid Resort and Make Big Haul.

New York, May 19.—A gambling house for women has been raided in West Forty-third street by city detectives. Gaming tables, roulette wheels, racing charts and telephones were confiscated and the only man found on the premises was arrested on charges of conducting the place.

A dozen or more handsomely garbed women were looking excitedly over the tables when the police entered. With screams of alarm they ran to all parts of the house. Some escaped over the roof but the others were found in closets and in the coat cellar.

The women pleaded hard for mercy, and after taking their addresses and reading a severe lecture, the police allowed them to go. A big crowd which had assembled on the street jeered the women as they passed out.

Apparently the place was primarily a pool room, but had been fitted up with gambling paraphernalia so the habitués might find diversion between the races.

Sam Jones Eulogizes Roosevelt.

Carterville, Ga., May 19.—The sermon of Rev. Sam P. Jones at his tabernacle meeting here created a sensation, as he attacked everything from a justice court bill to the governor of the state, including everything between these that was catering to dishonesty, false methods and sin. He eulogized Theodore Roosevelt, not because he, Mr. Jones, was a Republican, for he was, he said, as much Republican as he was "nigger," but he was for Roosevelt, who asked and desired nothing but a fair deal, and that he was for that and would stand for it at any cost.

Rejected Suitor Kills Self.

Steubenville, O., May 19.—While seated in the parlor at the Courtright home in Wayne township, pleading with Miss Myrtle Courtright to be allowed to call on her in the future, which request she firmly refused, Oscar Ralston, 21, suddenly pulled a revolver from his pocket and pointing it at his breast, said, "Goodbye, you'll be sorry you did not," and then fired a bullet into his breast. He died a few hours later.

Four Years for Counterfeiters.

Rome, Ga., May 19.—J. H. Sloan pleaded guilty in the United States court of counterfeiting. He was sentenced to four years in the penitentiary by Judge Newman. Sloan is a cripple and has to be rolled about in a chair. He served a term in the Ohio penitentiary for the same offense and is said to be an expert counterfeiter.

GENERAL ASSEMBLY OF PRESBYTERIANS

Convenes At Fort Worth, Texas With Many Delegates.

3,082 CHURCHES REPRESENTED

The Most Important Question Before Body Is to Form a Closer Relation Between the Different Branches of that Denomination.

Fort Worth, Tex., May 19.—The forty-fifth assembly of the Presbyterian church in the United States (Southern Presbyterian church) convened at the Broadway Presbyterian church this morning. Over 200 commissioners, representing 13 synods, were present.

The morning session was taken up with a sermon by the retiring moderator, Rev. S. M. Neel, D.D., of Kansas City.

At the session this afternoon a new moderator will be elected for one year and clerks who will assist in the preparation of the assembly minutes, will be chosen.

Probably the most important matter to come up at the meetings will be the question of closer relations with other Presbyterian bodies.

The committee appointed by the assembly of 1904 to confer with representatives of other Presbyterian churches for the purpose will make its report. This report will include what is known as the "Pittsburg Plan," adopted at a meeting of representatives of seven Presbyterian and reformed churches in Pittsburg, Pa., in December, 1904, which provides for the organization of an ecclesiastical council composed of at least four representatives from each church body for the promotion of co-operation of federated churches in foreign missionary work, and in general work throughout the United States.

The assembly which convened today represents 3,082 churches and 239,538 communicants, according to its last report. Its jurisdiction extends over all states south of the Ohio river from Maryland west to New Mexico.

Meeting at Winona Lake, Ind.

Winona Lake, Ind., May 19.—The general assembly of the Presbyterian church opened here today and in point of attendance including commissioners and active workers, in the church, it ranks well with any former meeting of this legislative body. Before the Rev. Addison Hendy, the retiring moderator, preached the opening sermon, the commissioners spent most of the morning filing the aisles, giving credentials to the stated clerks and receiving coupons for seats. There was less talk this morning of whom would be named as the new moderator than at any general assembly for many years. It seems to be taken by consent that the place will go to Dr. James D. Moffat, president of Washington and Jefferson college, Washington, Pa.

The question which overshadows all others before the assembly and one which will be approached with great caution, is that of taking the Cumberland branch into the general assembly. While the church in the north has voted overwhelmingly in favor of the proposition, and the Cumberland church has given consent by a small majority, the commissioners to the assembly realize there was a difference of opinion on the question. Presbyterians in the southwest are against the proposition.

Fifty-four Miles in 43 Minutes.

Atlantic City, May 19.—A special train on the Reading railroad with the officials of European roads, who are attending the international railroad conference, made the run from Camden to Atlantic City, a distance of 54 miles, in 43 minutes, breaking the record.

Paroled to Visit Dying Mother.

Montgomery, Ala., May 19.—Arthur Haynes, a white man, serving a sentence in the penitentiary of three years for manslaughter, has been allowed to go home until June 1, to visit his dying mother.

PROCEEDINGS OF THE LEGISLATURE

Senators Go to Hear Debate on
Buckman Measure in House.

ARE HOT AFTER STATE PRINTER

Report on Insane Asylum a Fierce Document—Drainage Measures Up. Buckman's Educational Bill Brings Out Much Oratory.

Tallahassee, May 19.—The Senate convened at 10 a. m. yesterday.

New bills introduced: To provide for a State sanitarium for epileptics, inebriates, etc.; to make the sale of wines, liquor and beer unlawful in towns of less than 200 registered voters.

The drainage joint resolution of Senator Adams, after being perfected by an amendment, was ordered engrossed.

A similar bill by Senator West was ordered engrossed.

A resolution was offered by Senator Harris inquiring into the truth of the matter as to whether members of the Board of State Institutions owned stock in the Capitol Publishing Company, and asking that an investigating committee be appointed, with power to administer oaths, which resolution was adopted.

A resolution was also adopted to inquire into the amount of insurance, premiums, etc., on State property.

Senator Zim's bill to provide for the extension, improvement and the erecting of necessary buildings for the Florida School for the Blind, Deaf and Dumb, and to make an appropriation therefor, was read third time and passed.

House Bill No. 207, an act to amend section of Chapter 4226, Laws of Florida, being "An act to establish a criminal court of Hillsboro," approved April 10, 1893, was, under waiver of rules, read the second and third time and passed.

House Bill No. 67, an act for the relief of John Y. Deswiler for services as fish commissioner, was, under waiver of rules, read the second and third time and passed.

After adjournment the Senate reconvened at 3:30 p. m., only 14 members answering to their names, the president declaring no quorum present.

The sergeant-at-arms could not be found to send for members, so on motion of Senator Adams a recess was taken until 4:30 p. m.

At 4:30 p. m. the Senate reconvened and the president announced Senators West, Harris and Clark as the committees to inquire into the Board of State Institutions and its connection with the Capitol Printing Company.

House Memorial C, by Mr. Wells, a memorial to the Congress of the United States requesting that the pension laws of the United States be so amended as to permit and allow the widows of soldiers and sailors of the Mexican War of the United States to draw a pension of \$12 per month, in lieu of \$8 per month, as now provided by law, was read the second and third time and passed.

By consent the following new bills were introduced:

By Senator Adams, appropriating \$5,000 annually for two years in aid of the Middle Florida Fair to be held in Jasper.

By Senator Gillen, appropriating \$5,000 annually for two years in aid of the Middle Florida Fair to be held at Lake City.

By Senator Harris, to provide for the organization of a cadet corps from all State institutions where military science is a part of the prescribed course, and to provide a uniform system of instruction.

Senator Crane's bill regarding the conducting of building and loan associations was then taken up, and after being amended was ordered engrossed.

In the House.

Tallahassee, May 19.—The House convened yesterday morning.

After several minor matters had been attended to the following resolution by Mr. Peaden was adopted:

"That no lobbyists shall be allowed inside the railings during the sessions of the House, as they have become a nuisance."

Mr. Dupont's resolution, to request the Governor to furnish an itemized statement of all insurance on State property, stating with what agents these policies are placed, and if any person is employed by the Governor in relation to the insurance of State property, was adopted.

eration of House Bill No. 361, by Mr. Buckman of Duval, a bill to be entitled an act to abolish the present State schools and to establish a female college and a university, together with a substitute offered by the special committee on State institutions, was taken up.

The following is a synopsis of the bill:

Appoints board of control, removable at the will of the Governor. This board is to meet at Tallahassee; is to assist to locate the university; is to locate the female college; the deaf, dumb and blind institute; a colored normal school, the latter at Tallahassee. Of the two colleges, one is to be east, the other west of the Suwannee.

The board of control is to meet at Tallahassee as often as may be necessary; is to elect a chairman; to have a secretary; and to have and employ all necessary clerks and servants; to visit and inspect all the institutions, and each and every department, and to provide for the proper keeping of accounts, registers and records thereof; to appoint all the managers, faculty, teachers, servants and employees; to remove the same, fix their compensation, and provide for their payment; provide for the course of instructions, and alter the same. To audit and approve all the accounts and expenditure, supervise the employment and removal of all teachers and instructors; select and purchase all property, furniture, fixtures, and paraphernalia necessary from time to time; to build, construct, change, enlarge, repair and maintain any and all the buildings now in existence or that may hereafter be necessary, and to care for and maintain the same; to audit all accounts in regular session, to buy and sell land, perform every other matter and thing requisite and necessary for the maintenance of the institutions.

The board of control is authorized and empowered to provide a system and course of written examinations for all the public high schools in this State, and no pupil in any high school shall be advanced to any grade or permitted to enter any of the higher institutions except by a certificate of admission from the board of control.

The university and female college shall both contain normal departments. No students below twelfth grade will be admitted to the university, and none below tenth grade to the female college.

The bill is exceedingly lengthy. Its reading occupied a full hour. At the close of the reading a slight discussion arose as to whether the regents' bill and Mr. Rawls' substitute had been withdrawn. The chair ruled that all the bills were yet before the House.

Mr. Bryan of Washington moved to indefinitely postpone Mr. Buckman's bill.

Mr. Buckman spoke in favor of the bill. He said the resources of the State could not supply the wants of the colleges; that \$1,386,291 had been appropriated; since 1901 one-third had been used, and this year the total amount asked for was \$700,000. He charged lax business methods; said that there are in these institutions 1,600 pupils, and that it costs more to educate these pupils than all the other schools in the State of Florida, and that of this number more than 60 per cent should

be in the high or grammar schools of the State. He spoke fully an hour.

Several of the members spoke for and against the measure, and Dr. Julian of Columbia made a strong plea against the bill. He said that there was a movement on foot among them to establish a university at Jacksonville. This he was opposed to. He did not want the boys subjected to the influences of a city. He said: "Our colleges are not what they ought to be. Dr. Buckman has carefully examined the diseased conditions and diagnosed that the Legislature has appropriated too much money in their aid. He may have private convictions that there has been mismanagement, blunders and graft, and now this kind hearted physician, instead of suggesting a treatment that will eradicate these diseases partially, says that you shall take this instrument and stab them to death."

The session closed with the bill still pending.

In Memoriam.

McKinstry Parish, little son of Mr. and Mrs. Philip Parish, died at the home of its parents near Hague on May 3, which sad event was painfully felt by relatives and a large circle of friends who extend sympathy to his parents in the hours of their bereavement.

Dear little McKinstry was dearly loved by all who knew him. He was born February 18th, 1902, and passed away to his happy home to be forever with Jesus and the angels.

The interment was made in the Antioch cemetery on May 4, Rev. Mr. Brown of LaCrosse officiating. It was a scene of most impressive grief and sadness.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at all drug stores; price 50c.

Manufacturer's Body Found.

Chicago, May 19.—The body of Otto Krosschell, a wealthy manufacturer of boilers and machinery has been found by diggers at work on the Chicago river. He had been missing since May 8, when he left his home to go to his office. For several months Mr. Krosschell had shown symptoms of mental aberration, according to his family. It is supposed that he either fell accidentally into the river while wandering or committed suicide in a fit of derangement.

You May Be Cured

544 Garfield Avenue,
CHICAGO, ILL., October 9, 1902.

After doctoring for eleven months and taking forty-three bottles of medicine and finding no relief for leucorrhoea resulting from irritation of a fallen womb I took Wine of Cardui and fourteen bottles cured me. This seems strange but it is the simple truth. Wine of Cardui helped me from the time I began taking it and having heard it praised so highly by friends who had tried it I felt satisfied that it would help me, and it did. It cured me. Took every bit of ache, pain and headache, cramps and dragging down sensations away till I felt young, strong and happy once more. It is a wonderful medicine and a true friend to women. When I look back on the months of torture I had seems like a hideous nightmare. Wine of Cardui will cure any woman I believe. I have more faith in it than all other medicines combined.

Frances Kingsley
Vice-Pres., Chicago Historical Club.

How can you refuse relief when you know you are growing worse day after day? Shooting pains, irregularity, inflammation and bearing down pains make thousands of women miserable. Why drag through life never enjoying anything? Wine of Cardui has made over 1,500,000 weak and suffering women well and strong. We ask you to go to your druggist today and secure a \$1.00 bottle of Wine of Cardui and begin to take it at once. Do that and the health Mrs. Kingsley writes about will soon be yours. EAST FLA. SEMINARY OPENING EXERCISES

Miss Wimberly's Class Entertained Large Audience.

PROGRAM WELL RENDERED

Comprised Many Numbers From Favorite Authors, and Was Rendered in a Manner Which Showed Credit Upon Class—Large Crowd Present.

The first of the series of exercises of the commencement program of East Florida Seminary were held at the seminary Chapel Friday evening, and there was a large audience present to show their appreciation of the good work performed.

The occasion was the exercises of Miss Wimberly's class in elocution. Miss Wimberly, who has had charge of this department during the past term, has proved herself to be first-class in this particular line, and the efforts of her pupils upon this occasion fully verified the claims that had been made by the faculty of the school.

The program was a most delightful one, full of interest and enjoyment. The entertainment was opened by an introduction and march by the Misses Wimberly, which was performed in a most excellent manner, and elicited a round of applause.

"The Trial of Jack" by Miss Mary Baird was rendered in an exceptionally clever manner. Miss Baird has long enjoyed the reputation of being one of the cleverest elocutionists in this section, and her services have always been in demand when she chose to give them. Upon this occasion she was unusually bright, and the audience revelled in the enjoyment of her effort with great pleasure. She is destined to become a professional should she decide to engage in this profession. Miss Herberta Perry recited, "Oh, Those Tears," in a most interesting and impressive manner. She is an elocutionist, and with the advanced training of higher universities will soon rank among the best.

"College Oil Cans" was the subject treated by Miss Julia Wainwright, and it is just to say that the little lady handled her subject in a manner purely entertaining. She scored a big "hit" with the audience by her clever work, which showed that she had been a good scholar in the class of elocution.

"The Morning Invitation" was cleverly rendered by Misses Oliphant and Mapsey and Mr. Whitney, and was received with delight by the audience.

"The Village Seamstress" was next in the program. This was rendered by Miss Belle Sadler in a most charming and impressive manner and interested the present. Miss Sadler is a fine elocutionist, possessed of a clear, distinct voice, and her work in elocution was appreciated.

Miss Mary Lee Oliphant recited "Last Hope" in a manner which pleased those present and at the conclusion she received hearty applause.

Angeline Johnson was recited by Miss Ida Little in a style befitting the

the Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves will break down and waste away cell by cell. Bladder troubles almost always result in a derangement of the kidneys and are obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by using Dr. Kilmer's Swamp-Root, the kidney, liver and bladder remedy. It corrects inability to hold urine and relieves pain in passing it, and overcomes the unpleasant necessity of being obliged to go often through the day. It is used so many times during the day that the mild and extraordinary action of Swamp-Root is soon realized. It is the highest for its wonderful effects in the most distressing cases. Swamp-Root is pleasant to take and is sold in all drug stores in fifty-cent and one dollar bottles. You may have a bottle of this wonderful new discovery free by mail. Address, Dr. Kilmer, Binghamton, N. Y. When mentioning reading this generous offer paper. Don't make any mistake and remember the name, Swamp-Root, Kilmer's Swamp-Root, and the Binghamton, N. Y., on every

person and was perfectly natural, as if she had been Angeline herself. Miss Little is above the average.

"Virginia of Virginia," by Rivers, was delightfully rendered by Miss Mary Streeper. Miss Streeper is possessed of what may be termed an accomplished voice and handled her subject with perfect ease and grace.

"Open Thy Lattice" was recited by Miss Nell Dempsey in a manner which interested and entertained the audience. Miss Dempsey proved herself to be a fine elocutionist and her work was appreciated by those who heard her.

The program concluded by a recital, "Old Billie," by Miss Avie Walker, which was well rendered, followed by a grand chorus.

Altogether the entertainment was quite a success and the members of the class deserve congratulations.

HIGH SPRINGS SCHOOL.

Closed Thursday Afternoon After a Successful Season.

The closing exercises of the High Springs High School took place in the school auditorium Thursday afternoon at 2 o'clock.

At the appointed hour the big auditorium was filled, and the principal, Professor W. E. Bell, spoke at length, commending the patrons for their co-operation, and gave them the credit for the unprecedented success of the school.

After the exercises a gold medal was awarded by the principal to Newcomb Barrs for scholarship and deportment.

A Positive Necessity.

Having to lay upon my bed for 14 days from a severely bruised leg. I only found relief when I used a bottle of Ballard's Snow Liniment. I can cheerfully recommend it as the best medicine for bruises ever sent to the afflicted. It has now become a positive necessity upon myself.—D. E. When we get the court house square completed, we should have a band to furnish music for the promenaders.

It is a good idea to secure graduates of the cabinet to defend the trusts. They know the weakest points of the adversary.

Judging from the zeal manifested by The Ocala Banner in defending the poor, suffering millionaires of the land, there must be something in it.

The pupils in two of Chicago's schools are on a strike. In the good old days the teacher used to do the striking, and then it was pitiful to see some of the kids try to arbitrate.

At the meeting of the National Association of Manufacturers, held in Atlanta, D. M. Parry was re-elected president. Parry is a most bitter enemy of all kinds of unions except the manufacturers.

The running of railway trains on Sunday is as noisy a bit of Sabbath breaking as any, yet the Sunday train often conveys the minister to the place where he is called to conduct divine worship.

While the good people of the Congressional missionaries are removing the taint from the John D. Rockefeller money, many of the poor heathens are going about without a thing to cover their nakedness, longing for Sicilian skirts and peg-leg pants.

It is a step in the right direction to have the Southern Presbyterians fall in line with their Baptist and Methodist brethren, and have one church both North and South and the religion Christ as the basis for all. It looks like a step toward a universal brotherhood.

The Rev. Sam Jones is holding big revival meetings at Cartersville, Ga., and the railroads are running low rate excursions. But on Sundays the rate is the lowest, so that more people can go, notwithstanding the railroad men have to work on that day to carry the people.

Several years ago, when a carload of Florida fruits and vegetables was sent through the North, so the people of that section could see what was grown here, it was considered a very good advertisement. And we believe that car was the means of bringing many people to this State.

The policy of President Roosevelt and the Panama commission, to buy supplies in foreign markets, shows the disregard of American products held by such people. We can compete with foreign manufacturers when given a fair show, but when the "government is against us," there is not much of an opportunity left.

"If those who are at work to disorganize the schools of the State would only take the time to inquire into the matter," said a gentleman to The Sun the other day, "they might learn a little about what they are. The idea of going to work and altering our system of education, which has been in practice for years, cannot help but be a detriment."

DISGRACE TO THE STATE.

The report of the investigating committee, appointed to look up the condition of affairs at the Asylum for the Insane at Chattahoochee, have brought to light a state of affairs that seems almost too horrible to be true. Those in charge have proven themselves to be of the most depraved nature and have allowed the most degrading specimens of humanity to remain at the institution who were not insane or entitled to alms even from the State. Where there has been a few of the really deserving ones sent there, they have been subjected to the most inhuman treatment at the hands of the vile gang that has been maintained there, and all the efforts to rid the place of their presence has availed nothing in that line.

Money that has been appropriated for the asylum has been used for other purposes, and if the half of what is said is true, there are a number that should be severely punished for their actions.

A FLORIDA PAPER.

The resources of the State of Florida are many, and it requires money to develop many of them, although the return for the labor and money will be three or four-fold. The newspapers of the State are doing much to advance these interests, but The Jacksonville Times-Union is a host in this direction. There is more news of interest to the trucker and farmer in each issue than you can find in any of the agricultural papers, and it is always doing something to promote the interests of the State.

While we think that all should support their local paper, as it always strives to build up home interests, and a healthy local paper is a good indication of a healthy town, yet The Times-Union should be in the hands of all who are interested in the advancement of Florida.

CONSTITUTIONAL CONVENTION

The joint resolution calling a Constitutional Convention—introduced in the Senate by Mr. Newlan and in the House by Mr. Dorman—should pass, as a matter of economy, if nothing more.

The last election carried an expense of \$16,000 for printing advertisements of the amendments, and there was a deficiency of \$12,500—nearly enough to pay the expense of a convention absolutely thrown away, as only one amendment carried.

The Legislature could not do better than submit the question to the people and let them decide on it.—Lake City Index.

The celebration of Cuban independence, which is being celebrated by the Queen of the Antilles, will no doubt be the event in the lives of that people. After living so many years under the tyrannical rule of Spain, never knowing the meaning of the word freedom, they will evidently make things exceedingly lively, and Cuba Libre will ring out over the island. May they live to enjoy many more anniversaries.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We offer One Hundred Dollars Reward for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure.

The improvements in the court house grounds now being made are causing much favorable comment. A gentleman who takes a lively interest in the welfare of Gainesville pointed to the men at work there yesterday, and remarked: "That is the best thing done since the court house was built. We will get there yet, and Gainesville will be all right." Others are of the same opinion.

Two Killed by Live Wires.

Newport News, May 19.—Earl Gilchrist, a telephone lineman, and Ashly Harris were accidentally electrocuted today. Gilchrist was working on a pole when wires in his hand came in contact with a live wire and he swung from the pole dead. Harris was walking on Huntington avenue, when he picked the end of a broken electric wire, being instantly killed. Gilchrist was a Lynchburg man. Harris was a son of former State Senator Harris, of Americus, Ga. Both men were unmarried.

Wool Manufacturers Bankrupt.

Philadelphia, May 19.—Albert Herbst & Co., wool manufacturers of this city, have been adjudged involuntary bankrupts, and George E. Counsel for the firms say that no statement of the assets and liabilities can be given out for several days.

Editor of Booklover's Dead.

Philadelphia, May 19.—Dr. Frederick W. Spiers, editor of Booklover's magazine, is dead at his home in Lansdowne, suburb of this city, after a short illness. Dr. Spiers was educational director of Booklover's library and organized the Booklover's library in England. He was well known as a university extension lecturer. Dr. Spiers was 37 years of age.

A Serious Mistake.

It is a serious thing to neglect your heart.

The moment you detect any weakness or irregularity, such as short breath after exercise, palpitation, fluttering, weak or hungry spells, pain in breast, side or shoulder, or uneasiness when lying on left side, you should take Dr. Miles' Heart Cure; it rarely ever fails to relieve all these symptoms.

If not promptly restored, chronic heart disease soon develops, and then it only remains for some sudden strain to completely exhaust the heart.

Thousands of hopeless cases have been cured, and if you do not try it, it will be the greatest mistake of your life.

"When I began taking Dr. Miles' Remedies I was in a very bad condition. I had stomach trouble, with severe distress after eating. My heart hurt me, and I had shortness of breath, palpitation. My pulse was irregular, and my feet, ankles and hands were swollen. Every month at regular periods I had severe pain. I wrote Dr. Miles' Medical Co., and they advised me to take Dr. Miles' Restorative Nervine and Heart Cure. I soon noticed an improvement, and I continued the medicine until I was completely cured. In fact I have not felt so well for 20 years."

HON. S. M. SPARKMAN WAS THE SPEAKER

At Closing Exercises of the Gainesville Graded and High School.

ENJOYABLE ENTERTAINMENT

Beautiful Music by Gainesville's Favorite Artists—Roll of Honor—Prize Essay on General Forrest—Mattie A. Williams Winner of Medal.

Notwithstanding the other attractions about the city Friday evening, the large auditorium of the Gainesville Graded and High School was well filled with the patrons and friends of the school to be present at the annual closing exercises.

Shortly after 8 o'clock Professor McIntosh, in a few remarks, stated that as the work of the school year had been interfered with by the change of management, there was no graduating class, but a program of exercises had been arranged and would constitute the closing exercises.

The first number announced was a piano duet by the Misses Fennell, performed with their usual artistic taste, which has made them popular favorites in the city, and they received a most hearty applause from the audience.

Following came a duet by the Misses DeLand, which consisted of a vocal duet by these young ladies, who accompanied themselves on the violin. The song blended very harmoniously with the two violins and the piano accompaniment and deserved the hearty applause bestowed.

Prof. McIntosh then introduced the Hon. S. M. Sparkman of Tampa, who was the speaker of the evening, who took the theme "Preparation" for the foundation of his remarks. He thanked the members for the honor conferred in inviting him to address the school, teachers, parents and pupils on this occasion, and delivered an address that was filled with grand thoughts and sparkled with inspiring language. Owing to lack of space we are unable to print his address, but it was a brilliant effort.

Next on the program was a piano solo by Miss Myrtle Fennell, which was only another proof of her thorough abilities as a pianist, who plays with grace and brilliant technique.

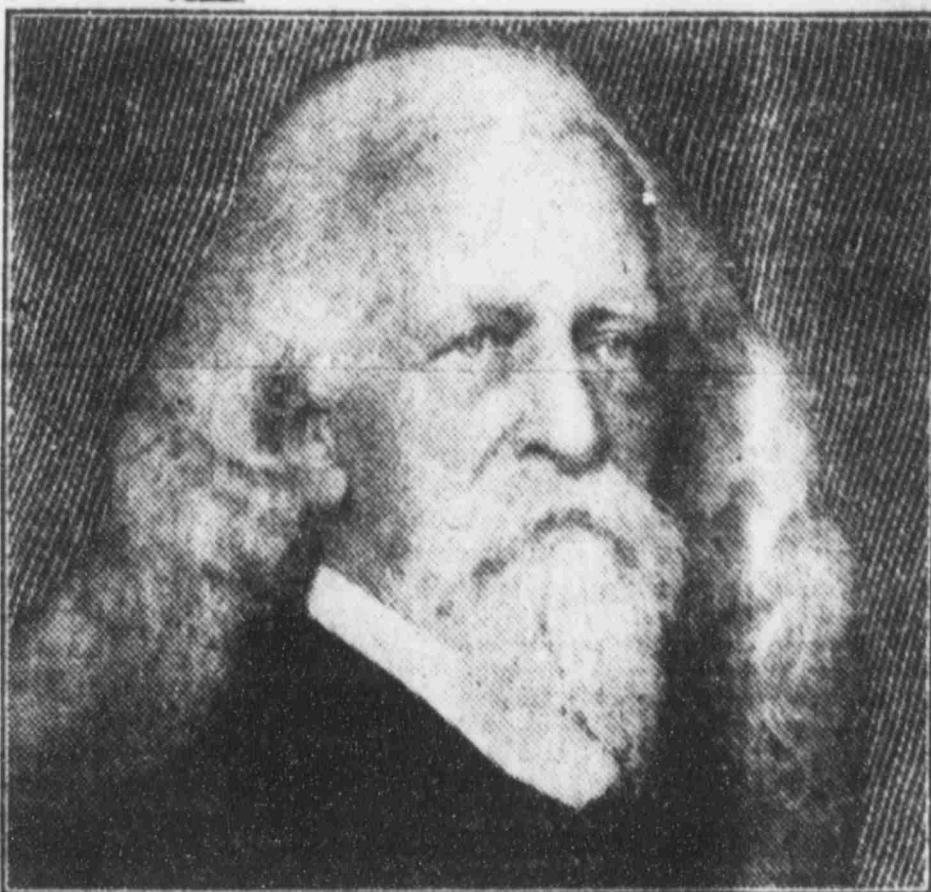

The presentation of the medal for the best written essay on the life of General Forrest, given by J. J. Finley Chapter, U. D. C., came next on the program. There were three contestants and the winner was Mattie A. Williams, who wrote under the non de plume of "Panay," and in a few well chosen words Hon. Christopher Matheson made a very neat presentation speech.

The reading of the roll of honor—those pupils whose standing was over 90, was done by Prof. McIntosh, and there were 114 names from the 11th grade to the 2d.

The exercises being concluded, the audience was dismissed by the principal of the school and all felt well pleased with the showing made under the unfavorable circumstances.

A COMRADE OF GENERAL GRANT

Says: "I Do Not Believe Pe-ru-na Has a Superior."

COL. BENJ. F. HAWKES.

Col. Benj. F. Hawkes, of 611 G street, S. W., Washington, D. C., is one of the three living comrades of General Grant in his cadet days at West Point. In a recent letter this venerable gentleman says of Peruna:

"I have tried Peruna after having tried in vain other remedies for catarrh, and I can say without reservation that I never felt a symptom of relief until I had given Peruna the simple trial that its advocates advise. I do not believe it has a superior either as a remedy for catarrh or as a tonic for the depressing and exhausted condition which is one of the effects of the disease."—Benj. F. Hawkes.

The Greatest Family Medicine Ever Discovered.

Hon. Wm. G. Hunter, ex-member North Carolina Legislature, writes from the Census Office Building, Washington, D. C., as follows:

"The greatest family medicine ever discovered, in my opinion, which comes from experience as well as observation, is Peruna. The most common affliction to humankind is a bad cold. Peruna drives it out of doors, wards off catarrh, invigorates and gives fresh strength to mind and body. I give Peruna my unqualified endorsement."—Wm. G. Hunter.

Chronic Catarrh of the Stomach Cured By Pe-ru-na.

Jas. T. Jakeman, President Elder Mormon Church, Salt Lake City, Utah, writes:

"I should be and am a very grateful man for having been recommended the use of Peruna for catarrh. I had a chronic case of catarrh of the stomach and my system was so filled with different remedies that I had taken, that I sickened at the sight of a medicine bottle. Peruna was a last resort and it did not fail me, but cured me in about three

months and I feel that it is a wonderful remedy and gladly give my experience from its use."—Jas. T. Jakeman.

Pe-ru-na Proved a Life Saver.

Mr. Louis Byrens, auctioneer, commission merchant and business broker, 436 1/2 Richmond street, London, Ont., writes:

"I had been a sufferer with what physicians diagnosed as chronic catarrh. I thereby lost the necessary speaking faculties, which almost caused me to discontinue the business of auctioneer."

"After spending several hundred dollars for various medicines and doctor bills without avail, your wonderful remedy, Peruna, was recommended to me."

"After using several bottles of this life saver, I found relief, and I am again capable of conducting my auction sales. I wish to convince others, likewise afflicted, of the merits of your great remedy."—Louis Byrens.

Thousands of Testimonials.

We have on file thousands of testimonials like the ones given here. We can give our readers only a slight glimpse of the vast array of unsolicited endorsements of Peruna which we are constantly receiving.

Pe-ru-na is a Catarrhal Tonic Especially Adapted to the Declining Powers of Old Age.

In old age the mucous membranes become thickened and partly lose their function.

This leads to partial loss of hearing, smell and taste, as well as digestive disturbances.

Peruna corrects all this by its specific operation on all the mucous membranes of the body.

One bottle will convince anyone. Once used and Peruna becomes a life-long stand-by with old and young.

Mr. Charles F. Benetsson, Tuesday, Mo., writes: "I have followed your instructions for the past month and am now as well as I can be at the age of eighty-four years."

As Well As Can Be At the Age of Eighty-four Years.

I thank you for your valuable instructions and advice. I first used Peruna fourteen years ago when my health was so bad that I had no hope of staying many days, and after using it I began to pick up. It has helped me ever since. I feel well, but will always have Peruna as my companion."—Charles F. Benetsson.

Suffered a Number of Years From Systemic Catarrh.

Used Peruna as Last Resort, Now in Good Health.

Mrs. E. Schoneker, 220 1/2 S. Olive St., Los Angeles, Cal., president Girl's Friendly Society, also secretary South Los Angeles Travelers Club, writes:

"I was for a number of years a sufferer from systemic catarrh. I was very nervous and run down, my appetite had failed me and my sleep was not restful. I had lost much in weight and looked like a very sick person. My physician advised a change of climate and the medicine I took only gave me temporary relief."

"I tried a bottle of Peruna as a last resort and was greatly pleased to find that I felt much improved in a general way and then I bought several bottles more."

"I am now in good health and have a good appetite and sleep well. I cannot say too much for Peruna and for what it has done for me."—E. Schoneker.

Pe-ru-na Contains no Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

A BACHELOR'S BEDROOM.

Efforts Will be Made to Have This Side-Splitter Reproduced.

Old residents of Gainesville will remember that side-splitting comedy, "A Bachelor's Bedroom," which was "put on" by leading local stars several years ago, one of whom afterwards became famous and made a reputation for himself in the dramatic world. This play was such a success that efforts are being made to have the same reproduced for the benefit of newcomers. Inasmuch as that the leaders in the old cast are again in the city, this should be accomplished with little work, as these leaders no doubt will readily recall the lines after brief study.

ANNUAL ENCAMPMENT.

South Florida to West Florida and Georgia over the S. A. L.

The annual extension of the Seaboard Air Line Railway will be given May 18th and 19th. Train No. 34 will leave Tampa May 18th, special from Jacksonville morning of May 19th, and from Gainesville train No. 34 May 19th. The following rates from Gainesville proper, for return tickets: Lake City, \$2.50; Live Oak, 2.75; Madison, \$3.50; Monticello, \$4.00; Tallahassee, \$4.50; Quincy, \$5.00; River Junction, \$5.00; Bainbridge, \$5.00.

Tickets will be limited seven days exclusive of date of sale. E. C. Cobb, Agent, Gainesville, dis.

A World Wide Reputation.

White Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

Jefferson's Birthplace Sold.

Philadelphia, May 19—Joseph Jefferson's birthplace has been sold at auction for \$8,125. It is a three and a half story stone building at the southwest corner of Sixth and Spruce streets. Some years ago a plan was formed to purchase the property and hold it as a Jefferson museum, but the idea was dropped.

Juggling With Dynamite

Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by J. W. McCollum & Co.

Doctors Puzzled in Birth Case.

Hocking, Iowa, May 19—Mrs. Wm. Darby, who was mysteriously shot in the head, recently, and who has been unconscious ever since, has given birth to a child, which is perfect in every respect. The doctors say it is the first instance of the kind known.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

The cost of building hard-surface roads in Dade county varies from \$450 to \$700 per mile.

Fred Parr attempted suicide at Tampa by taking morphine. Domestic trouble the cause.

The drouth has effected the peach crop in the vicinity of Indianola, and they are much smaller than usual.

The Decker Cantaloupe Company has been shipping cantaloupes the past week from Anthony and getting \$10 a crate.

Dr. J. M. Munyon will build a large hotel at West Palm Beach this summer, to be ready for next winter's business.

The peach and cantaloupe growers of the East Coast are advertising for pickers and packers to help gather the large crops.

The Board of Trade of Orlando says that the white fly must go. If the Legislature don't help them they will help themselves.

The bonds of the city of Ocala for the purpose of putting in an electric lighting plant, netted \$708.13 more than their face value.

Miami has horses to run with the fire machines and the department is now in first-class shape. Miami is bound to be up-to-date.

The Automobile-Motorboat Club of Jacksonville will hold a splendid program of automobile races on the Atlantic-Pablo beach race course on the Fourth of July.

H. Bomford, arrested for shooting Captain Parks at Tampa two weeks ago, has been released on giving a \$2,000 bond for his appearance in court when his trial is called.

It is said that Orange county produced during the past season from 350,000 to 400,000 boxes of oranges, the greatest number produced in the history of the county.

At the election held at Seabreeze, Wednesday, a red-hot battle was fought over the mayorship between Col. C. C. Post and Wesley Herrick, which resulted in Herrick winning by one vote.

There is a strong possibility that the Renner line of schooners now plying from New York to Gulf, Cuban and Porto Rican ports, including Key West and Tampa, will make Miami a port of entry on their Southern trips.

At the first annual meeting of the Florida Elks held in Ocala the past week, H. A. Ford of Ocala was elected president, and G. D. Ackerly of Jacksonville, secretary. The next meeting will be held in Jacksonville, the third Wednesday in May, 1906.

Herbert L. Keplar of DeLand committed suicide in a New York hotel on Thursday night, where he was stopping with Mrs. Dona Miller, the couple having eloped from DeLand. A letter to Keplar's father, sealed and stamped, was found. It is supposed to contain the reasons of the suicide. The father lives at DeLand. Mrs. Miller says Keplar forged checks.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Russian Officers Given Parole.

San Francisco, May 19.—Captain A. N. Ritschagoff of the Russian auxiliary cruiser Lena, which has been detained at Mare Island by this government for several months, is about to leave for St. Petersburg, whither he has been summoned by the naval minister. A request for a parole for the captain was recently made by the Russian authorities and he had been advised by the secretary of state that he is free to return to St. Petersburg at his earliest convenience.

Preacher's Unique Record.

Grand Rapids, Mich., May 19.—Rev. J. H. Maynard, aged 75 years, one of the most remarkable ministers in Michigan, is dead at Sparta. For several years he was president of the state association of Free Baptists and held other prominent offices in that denomination. During his pastorate Rev. Mr. Maynard officiated at 1,600 weddings, and preached more than 1,500 funeral sermons.

Warning.

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Sold by J. BAPTISTS AT ST. LOUIS.

Committee Named to Select the Next Place of Meeting.

St. Louis, May 19.—Great interest is manifested in the selection of a place for the holding of the first of the triennial conventions of the organization effected yesterday by the Baptists of the north and south, and known as the general convention of Baptists of North America.

A committee consisting of Eu. M. Thresher, of Ohio; A. E. George, and D. Reere, of Pennsylvania; J. N. Prestinidge, of Ohio; W. E. Hatcher, of Virginia, and J. E. Campbell, of Texas, will make the selection and the first meeting will be held next year. A number of cities are aspirants for the honor, but it is considered probable that some city will be chosen in which the Southern Baptist convention will meet and the Baptist anniversaries, the northern organization, to follow with the general convention in between the two.

The Women's Baptist Home Mission society, which held its first session last night and constitutes part of the general convention, continues today. The speaker was Rev. C. A. Coe, of Alaska.

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and lagrippe. At drug stores, price 50c and \$1.00; guaranteed. Trial bottle free.

Workmen to Try Co-Operation.

Battle Creek, Mich., May 19.—A committee of Battle Creek workmen are considering the purchase of 200 or 300 acres of land east of the city on the Battle Creek and Jackson electric line. The plan is to form a co-operative settlement, divide the land into 5-acre lots for homes and raise fruits and vegetables, start a canning and pickling factory and conduct a co-operative store for the needs of their families.

Growing Aches and Pains.

Mrs. Josie Sumner, Bremond, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used." 25c, 50c and \$1.00. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

CONVICTED MURDERER MAKES HIS ESCAPE

Guard From Baker's Camp Chased
Him to North Gainesville.

ASKED FENNEL FOR HELP

Several Officers and Volunteers Accompanied the Officer to North Gainesville and Made a Thorough Search. But Nothing Could be Accomplished.

Thomas Ganey of Alachua, who was convicted in the circuit court last year upon a charge of murder of a woman, and who was sentenced to the penitentiary for life, has made his escape, and is now in the vicinity of Gainesville, if he has not used other means than "natural proclivities" to get away.

It will be remembered that Ganey was arraigned for murder at the term of the circuit court before the last, and was wise enough to plead guilty, asking the mercy of the court. He was given the sentence, and sent to the camp of P. H. Baker of Campville. He has been a faithful worker at this camp, and the guards felt an inclination to trust him, but he betrayed the confidence of those who had the custody, with the result that he deceived them and got away.

Soon after the escape of this prisoner the guards at Baker's camp became aware of the fact, and sent a guard on horseback, accompanied by bloodhounds, to trace the man. They succeeded in a short time in scenting the track, and followed it to North Gainesville, where they lost the trail.

The guard who was detailed for the work went to Henry Ramsey's store in North Gainesville and telephoned to Sheriff Fennell the particulars. The sheriff went immediately to the scene, accompanied by several deputies, but the negro had disappeared, and up to this writing nothing has been heard of the escaped convict.

There seems to be a "looseness" about the manner of caring for convicts, and the sooner these conditions are relieved the better off will be the State and those who employ convict labor. It encourages crime, because under the present rules of diligence the average criminal feels that "it is as easy to get convicted as it is easy to get away," and governs himself accordingly.

Herbine

Will overcome indigestion and dyspepsia; regulate the bowels and cure liver and kidney complaints. It is the best blood enricher and invigorator in the world. It is purely vegetable, perfectly harmless, and should you be a sufferer from disease, you will use it if you are wise. R. N. Andrews, editor and manager Cocoa and Rockledge News, Cocoa, Fla., writes: "I have used your Herbine in my family, and find it a most excellent medicine. Its effects upon myself have been a marked benefit. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla."

Rejected the New for the Old.

Thomson, Ga., May 19.—Miss Mary Story, of Thomson, and Mr. L. L. Harker, of Marietta, Ga., were married here and created quite a ripple of excitement from the fact that the engagement of Miss Story to a prominent young man of a neighboring town had been announced in the state papers, the wedding to be solemnized in June. All arrangements had been made for this wedding, which was to be the society event of the season, but it appears that an old sweetheart, appeared upon the scene, with the result above mentioned.

Cleared for Action.

Good Health to the Children

Children especially are fond of dainties, and the housekeeper must look carefully to their food.

As good cake can be made only with good eggs, so also a cake that is healthful as well as dainty must be raised with a pure and perfect baking powder.

Royal Baking Powder is indispensable in the preparation of the highest quality of food. It imparts that peculiar lightness, sweetness and flavor noticed in the finest cake, biscuit, doughnuts, crusts, etc., and what is more important, renders the food wholesome and agreeable to young and old.

CHEAPEST STORE ON EARTH

The "Good Old Summer Time"

Seems to be almost in sight and it is our duty to keep as cool as possible during the heated term.

We will name a few articles that we have in our establishment that will help you to be comfortable:

A Nice Hammock

on the veranda will make it several degrees cooler.

A Good Ice Cream Freezer

has a tendency to lower the temperature.

A Climax or Dixie Net

hung over your bed will make the room 5 to 10 degrees cooler when the mosquitoes begin to try to sing you awake.

A Suit of Our Feather-Weight Underwear

will keep you as cool as a cucumber.

A Pair of Our Low-Cut Shoes

will keep the feet thoroughly comfortable.

We might name many more articles, but if you will just call we will take great pleasure in showing you the balance of them.
